

## Greetings:

We are very grateful to God for enabling us so serve even during these challenging times in the history of our nation. Our family is doing well but the past two months have been very wet which restricted a lot of movements. The dry season begins this November and we expect to see less rain and more sunshine.

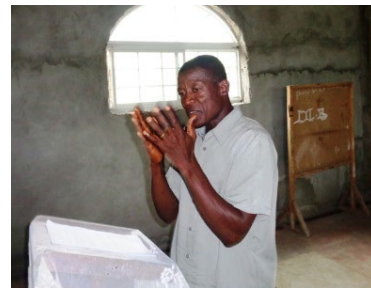

The following was my ministry involvement during the months of September and October:

- Continued the hosting of our two separate radio programs (Tuesdays and Wednesdays respectively) – Kingdom Way Broadcast (30 minutes Bible message), and Healing the Wounds of Trauma (one hour counseling and phone-in program).
- Facilitated five-week trauma healing small group class that began late September. 12 males (mainly pastors) completed the class that was held at our church every Saturday from 10:30 AM – 12:30 PM.

**On air at Radio ELWA (94.5 FM)**

- Facilitating a second trauma healing small group class (8 males) that began mid-October and will end third week of November. This class is held on Mondays (5PM – 7 PM) in a community called Oldest Congo Town.
- Chaired weekly leadership meetings of our church ministry (comprising 101 churches)
- Served as speaker at a two-day staff retreat (October 15-16) organized by Trinity Dental Clinic – a clinic organized by an American missionary group in Monrovia.
- Facilitated a two-day doctrinal training conference for pastors and other church leaders in the western region. The training was held in Tubmanburg, Bomi County, 26 miles from Monrovia on October 30-31 and brought together 28 leaders from 11 of our churches. We teach and re-teach our doctrinal beliefs from time to time.
- Continued preaching duties.
